

LOGAN LODGE

COSTS

For residents that have entered into the Aged Care Unit prior to the 1st July 2014, fees and charges will remain the same (they are grand parented).

For new residents who enter the Aged Care Unit on or after 1st July 2014, a **Basic Daily Care fee** of \$50.16, will be payable (amount increases as the pension increases on the 20th March and 20th September each year).

Income Tested Fees are still applicable on or after 1st July 2014, where a resident has assessable income in excess of the full pension amount.

The new arrangement under the Living Longer Living Better (LLLBB) reforms dictates that the amount a resident will pay as an income tested fee is capped at \$26,964.71 per annum and a \$64,715.36 lifetime cap (indexed). In the instance where the annual cap or lifetime cap is reached the Commonwealth will fund this amount to the Aged Care Facility.

Accommodation Payment: New residents on or after 1st July 2014 will have the choice to pay for their accommodation either as a refundable deposit (a lump sum, also known as a refundable accommodation deposit or 'RAD'), an equivalent daily payment (a periodic payment, also known as a daily accommodation payment or 'DAP') or a combination of both.

The maximum deposit for all rooms at Logan Lodge is \$500,000.

If the resident and their family do not wish to pay the full deposit and elects to pay periodically, this is calculated by taking the deposit amount and multiplying it by the Maximum Permissible Interest Rate (MPIR) at the time. This number is then divided by 365 to find the daily payment amount.

For example, if the deposit was \$500,000 and the MPIR was 5.96%, the sum to find the daily payment would be:

$$500,000 \times 0.0596 / 365 = \$81.64 \text{ Daily Accommodation Payment}$$

If the resident and their family would like to pay part of the deposit and make up the difference with a periodic payment, then the sum to find the daily payment would be found by taking the un-paid deposit amount, multiplying that by the MPIR and dividing it by 365.

For example, if \$250,000 if the deposit was paid and the MPIR was 5.96%, the sum to find the daily accommodation payment would be:

$$250000 \times 0.0596 / 365 = \$40.82 \text{ Daily Accommodation Payment.}$$

Which fees are payable by who
