GP Geriatrics Extended Skills

Join our team at Swan Hill District Health

An exciting opportunity exists at Swan Hill District Health for a General Practitioner Trainee / Fellow to undertake formal training in Geriatrics and expand their skillset in this domain of practice.

Our medical team comprises of Geriatrician, Nurses and Allied Health services. The term is a 6 month full time position and is paid on the VIC DIT EBA. Swan Hill District Health is home to a newly commissioned state of the art subacute service and manages two aged care facilities.

By completing this Extended Skills post you would gain experience in domains of geriatric medicine such as cognitive impairment, management of palliative care residents inclusive of dementia care.

This is a unique opportunity to experience an organisation that highly supports the health and wellbeing of their staff with a fun and friendly workplace culture like no other. Accommodation will be provided based on availability.

To apply or for further information please email Sarah Putt, Medical Services manager at sputt@shdh.org.au
